NPDES Requirements

The contractor shall conform to the requirements of the National Pollutant Discharge Elimination System (NPDES) Permit for Construction Activities, NPDES No. CAS000002, and City of Westminster Ordinance No. 2231 in compliance with the Federal Requirements for the Control of Urban Pollutants to Storm Water Runoff.

The contractor shall protect, in any means, all construction related materials from being transported from the site by the forces of wind or water. Contractor and/or any subcontractors are required to place gravel bags and fabric around all storm drain inlets, and also place gravel bags around the job site, as directed by the City Engineer, to protect polluted water from running into the storm drain systems.

Workers' Compensation Insurance Statement

I understand that under California law, I am required to carry workers' compensation insurance for my employees at all times.

I further understand that my failure to have the appropriate coverage will subject me to civil penalties of \$10,000 per employee who is not covered by worker's compensation AND criminal penalties of up to one year in jail and/or a fine of up to \$10,000.

I know that even if I don't have employees right now, I will be required to get workers' compensation coverage as soon as I have one or more employees.

I currently have employees: yes no _____ Initial
