City of Westminster

8200 Westminster Boulevard, Westminster, CA 92683 714.898.3311
www.westminster-ca.gov

November 19, 2014

To the Honorable Mayor, Members of the City Council and Citizens of the City of Westminster:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Westminster for the fiscal year ended June 30, 2014.

This report consists of management's representations concerning the finances of the City of Westminster. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Westminster has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Westminster's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Westminster's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Westminster's financial statements have been audited by White Nelson Diehl Evans, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Westminster for the fiscal year ended June 30, 2014, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Westminster's financial statements for the fiscal year ended June 30, 2014 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

EDDIE MANFRO
City Manager

The independent audit of the financial statements of the City of Westminster was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City of Westminster’s separately issued Single Audit Report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Westminster’s MD&A can be found immediately following the report of the independent auditors.

Profile of the City of Westminster

The City of Westminster, incorporated in 1957, is located in the northeast corner of Orange County. The City of Westminster currently occupies a land area of 10.6 square miles and serves a population of 91,652.

The City of Westminster operates under the council-manager form of government. Policymaking and legislative authority are vested in the City Council, which consists of the Mayor and four Council Members. The City Council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, hiring the City Manager and appointing the City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the government and for appointing the heads of the City departments. The City Council is elected, at large, on a non-partisan basis. The Mayor is elected, at large, to serve a two-year term. Council Members serve four-year staggered terms, with two Council Members elected every two years.

The City of Westminster provides a full range of services, including police, water utility, street and infrastructure maintenance and construction, recreational and cultural services, planning and community development and general administration. The City contracts with the Orange County Fire Authority (OCFA) for the provision of fire protection and emergency medical services. The City of Westminster also is financially accountable for the legally separate Westminster Financing Authority. The City has accounted for the Authority as “blended” component units and therefore they have been included as an integral part of the City of Westminster’s financial statements.

The City of Westminster prepares a two-year budget, with appropriations approved by the City Council annually. The annual budget serves as the foundation for the City of Westminster’s financial planning and control. All departments of the City of Westminster are required to submit requests for appropriations to the City Manager each year. The City Manager uses these requests as the starting point for developing a proposed budget. The City Manager then presents this proposed budget to the City Council for review. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget no later than June 30, the close of the City of Westminster’s fiscal year.

The budget is prepared by fund (e.g., general), department (e.g., public works), and program (e.g., engineering). Department directors may make transfers of appropriations within a department. Transfers of appropriations between departments within the same fund require the City Manager's approval. Transfers between funds, as well as any increase to appropriations, require approval of the City Council.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented on page 95 as part of the required supplementary information portion of the basic financial statements for the governmental funds. For other funds with appropriated annual budgets, this comparison is presented beginning on page 96 of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when considered within the broader perspective of the specific environment within which the City of Westminster operates.

Local Economy. While the State of California and local jurisdictions within Orange County continue to contend with a sluggish recovery resulting from the past economic downturn, revenues have begun to stabilize, supporting the national forecasts of a long, shallow recovery. It is indicative of the uncharacteristically slow recovery that the impact of the recession – which officially ended five years ago – is still an important factor in the City's fiscal condition. Given the depth of the recession, the recovery has been slower than expected and hence, the negative impact on the City has been pronounced and prolonged.

Economists expect California and local jurisdictions within Orange County will continue to experience a slow paced economic recovery as the real estate and financial markets improve. The City continues to see a measured improvement in the housing market (assessed values) as well as the local retail economy. Tax revenue – primarily property and sales – comprise the majority of Westminster's general fund revenue (78%). Therefore, improvements to the local real estate and retail markets will directly impact the City's revenues in a positive manner.

Despite the ongoing challenges, the City continues to focus on ensuring a high level of service provision to our residents. As the local economy continues to improve, the City of Westminster's strategic location in the heart of Orange County provides many opportunities to reap the benefits of renewed consumer confidence and the loosening of the credit markets.

The City also enjoys its position as the internationally recognized social, cultural, and retail hub of the Vietnamese American community. With the continued development of Little Saigon into a destination retail attraction, the City expects to increase its amount of captured retail sales. This national and international marketplace serves as an important economic engine and is bolstered by the fact that it is an authentic cultural retail center, which is unique in Orange County. Coupled with the real estate demands in the area, retailers are provided with the opportunity to reach a broad demographic base that is actively looking for variety in shopping and entertainment choices, from large, well-established brands to emerging and specialty boutiques.

Westminster is already a successful home to many national retailers including: Lexus, Toyota, Honda, Wal-Mart, Home Depot, Best Buy, Target, and the Westminster Mall. In addition to property tax revenue, the City relies heavily on sales tax revenue to support its general fund. In addition to general retail sales improvement, automobile sales have positively impacted the City's sales tax base. Consumers have begun purchasing vehicles at pre-recession rates, which in turn adds to the City's sales tax revenue.

In addition to automobiles, Westminster recently welcomed the opening of an Indian Motorcycle dealership. The City has also had a long-time partnership with Harley Davidson and their in town dealership recently expanded. These are just two examples of the many new and expanding retail outlets in the City which will add to our sales tax base.

Recent Budget Impacts. Actual fiscal year 2013-14 general fund revenues increased over fiscal year 2012-13 general fund revenues by \$1.3 million or 2.8%. While this represents an improvement, \$45.5 million in general fund revenue remains below the peak amount of \$48 million received in fiscal year 2007-08. General Fund expenditures increased approximately \$900 thousand or 2.0% year-over-year.

While tax revenue show a year-over-year decrease of \$926 thousand (or 2.5%), the prior year included \$3.3 million in one-time revenues. Excluding this one-time activity, taxes actually increased for the fifth consecutive year by \$2.4 million (or 7.2%). Several other revenue streams increased: "investment and rental" saw an increase of \$1.0 million (or 262.8%), "fines" increased \$212 thousand (or 25.2%) and "charges for services," increased \$1.0 million (or 17.9%) respectively.

While many revenue streams increased from the prior fiscal year, "Intergovernmental" declined \$74 thousand (or 43.0%). This decline represents an ongoing reduction of funding from both the State and Federal governments. The largest loss of revenue in this category in recent years is State vehicle license fee (VLF) revenue. The State of California, in fiscal year 2011-12, eliminated this local revenue source in order to fund local law enforcement grants.

The most impactful, recent State legislative action deals with the dissolution of redevelopment throughout California. Westminster continues to deal with the aftermath of the passage of Assembly Bills 1x 26 and 1484 – the two bills which dissolved redevelopment effective January 31, 2012. (See Note 16 of these financial statements for more information on the dissolution of redevelopment.) The elimination of redevelopment agencies statewide has had a significant impact on the City's ability to maintain capital improvement schedules and fund future projects. In addition to significantly hindering the City's ability to fund capital improvement projects and support economic development efforts, the dissolution directly impacts the City's general fund as the Westminster Redevelopment Agency was staffed by City personnel.

Westminster was therefore dealt a significant setback at the time it was dealing with the deleterious effects of the recession on its budget. To help mitigate the recessionary impacts on general fund revenues along with the loss of redevelopment funds, staff reduced the operating budget through a number of means. Two early retirement incentive programs (“golden handshakes”) were implemented in fiscal years 2009-10 and 2010-11 in an effort to shrink the City’s workforce. In addition, a severance package was given to employees whose jobs were eliminated at the beginning of fiscal year 2012-13. The result of these early retirements and layoffs resulted in the decrease of salaries of \$3.8 million city wide since fiscal year 2009-10. Additional reductions to operational budgets, as well as the reorganization and combination of departments reduced expenditures even further.

In spite of these expenditure reductions, overall general fund expenditures exceeded general fund revenues by \$390 thousand for fiscal year 2013-14. Adding a \$1.25 million one-time use of reserves for the City’s General Plan, and general fund reserves were reduced by \$1.8 million. The City continues to struggle with a chronic structural deficit. Long-term financial projections show a continued deficit and future budget development processes will be focused on means to erase the deficit and restore ongoing fiscal health to the City.

Long Term Financial Planning and Policies. The City continues to maintain control over expenditure growth through the budget process. The City’s ability to restrain expenditures will be a key factor in helping achieve sustained fiscal health while maintaining reasonable fund balance levels. However, expenditures continue to grow at a faster pace than revenues. This is partly due to the City’s focus on public safety and infrastructure improvement. The City’s general fund budget commits 78% of resources to public safety (Police and Fire).

The City is fortunate to have general fund reserves of \$24.2 million, or 53% of general fund revenue. However, the City’s ongoing structural deficit must be addressed in order to maintain reasonable and healthy reserve levels. Part of this process will be to develop a set of comprehensive reserve policies. The policies will not only cover general fund reserves, but also internal service funds.

Future budget development and long-term fiscal planning will be focused on the continued right-sizing of the City’s operations in an effort to align ongoing revenues with ongoing expenditures. This will not be an easy task, but the City Council, along with management, are committed to ensuring Westminster residents continue to receive essential services.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Westminster for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2013. This was the 19th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its two year budget document dated July 1, 2013. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report would not have been possible without the efficient and dedicated services of a number of City staff and departments, especially the Administrative Services Department's Finance Division. I would like to express my appreciation to all members of the City staff who assisted and contributed to the preparation of this report. Credit also must be given to the Mayor and the City Council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Westminster's finances.

Respectfully submitted,

Michael Solorza
Administrative Services Director

INDEPENDENT AUDITORS' REPORT

City Council Members
City of Westminster
Westminster, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the City of Westminster (the City), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the City of Westminster, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of funding progress and budgetary comparison schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis and the schedules of funding progress in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the management's discussion and analysis and the schedules of funding progress because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance on them. The budgetary comparison schedules and related note have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements of the City or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedules and related note are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Matters (Continued)

Other Information (Continued)

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2014, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Handwritten signature in cursive script that reads "White Nelson Dick Evans LLP".

CITY OF WESTMINSTER

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Westminster (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2014, along with comparisons to the fiscal year ended June 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the Introductory Section of this report.

FINANCIAL HIGHLIGHTS

- The City's overall net position decreased by \$29.1 million or 8.4 percent. While the net position of business-type activities increased by \$1.2 million, or 3.57 percent, the net position of governmental activities decreased by \$30.3 million, or 9.74 percent. Of the total amount of Primary Government assets, \$55.6 million (unrestricted) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's revenues decreased by \$8.4 million, while expenses increased by \$9.6 million. The drop in revenue is mostly due to a decrease of \$10.3 million in Capital Grants and Contributions. Most expenses increased with the largest change coming from Public Safety, which had an increase of \$6.0 million and Community Development which had an increase of \$2.5 million. The majority of the overall changes to revenue and expenses are still related to the passing of Assembly Bill 1x 26 which dissolved redevelopment agencies as of February 1, 2012, and the subsequent fallout. As of February 1, 2012 the assets, liabilities, and fund balances of the Westminster Redevelopment Agency (WRA) were transferred to the Successor Agency to the Westminster Redevelopment Agency (SAWRA). Additional information can be found in Notes 15 and 16 in the notes to the basic financial statements.
- As of June 30, 2014 the City's governmental funds reported a combined ending fund balance of \$81.4 million, a decrease of \$115.5 thousand. Of this amount, \$23.4 million is unassigned and available for spending at the City's discretion.
- Unassigned fund balance for the General Fund was \$24.1 million, or 52.5 percent of total General Fund expenditures.
- Total City debt (excluding compensated absences, OPEB and claims liabilities) decreased by \$289 thousand, or 3.1 percent. The changes in debt consisted of principal reduction payments and an increase in leases payable.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

See accompanying independent auditor's report.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid (e.g., uncollected taxes or earned but unused vacation leave).

Both of the Government-wide Financial Statements distinguish functions of the City government that are principally supported by taxes and intergovernmental revenues (governmental activities) from other business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities of the City include general government, public safety, public works, community development and community services. A business-type activity of the City includes the water utility. The Government-wide Financial Statements can be found on pages 23-25 of this report.

Fund Financial Statements

Fund financial statements are designed to report information about groupings of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. City funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

See accompanying independent auditor's report.

The City maintains several individual governmental funds organized by their type (general, special revenue, and capital improvements funds). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Westminster Housing Authority, Housing and Community Development, Special Gas Tax and Street Improvements, and Capital Improvements, which are considered to be major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the other governmental funds is provided in the form of combining statements beginning on page 101 of this report.

The City adopts an annual appropriated budget for its General Fund and Special Revenue Funds. Budgetary Comparison Statements have been provided to demonstrate compliance with this budget. These statements begin on page 95 of this report. The basic governmental fund financial statements can be found on pages 26-32 of this report.

Proprietary funds are generally used to account for services for which the City charges outside customers, or internal departments of the City. Proprietary funds provide the same type of information as shown in the government-wide statements, only in more detail. The City maintains the following two types of proprietary funds:

- **Enterprise funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for the operations of water.
- **Internal service funds** are used to report activities that provide internal services for the City. The City uses internal service funds to account for its equipment replacement, general benefits, liability administration, information systems and equipment, and government buildings. Because internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements beginning on page 113 of this report.

The basic proprietary fund financial statements can be found on pages 33-37 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The basic fiduciary fund financial statements can be found on pages 38-39 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 41-91 of this report.

See accompanying independent auditor's report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which includes the Schedules of Funding Progress and the Budgetary Comparison Schedules for the General and Major Special Revenue Funds. Required supplementary information can be found on pages 93-99 of this report.

Combining statements and individual fund statements for non-major governmental funds, internal service funds and the agency fund are presented immediately following the required supplementary information, and can be found on pages 101-124 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City has presented its financial statements under the reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements – and Management’s Discussion and Analysis (MD&A) – for State and Local Governments.

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. City assets and deferred outflows of resources exceeded liabilities by \$316.9 million at June 30, 2014. This is a decrease of \$29.1 million as summarized below and on the following pages. A more detailed “Statement of Net Position” can be found on page 23 of this report.

Statement of Net Position Governmental Activities				
	June 30, 2014	June 30, 2013	Increase/ (Decrease) From 2013	Percent Increase/ (Decrease)
Assets:				
Current and other assets	\$ 109,800,182	\$ 109,453,576	\$ 346,606	0.32%
Capital assets, net of accumulated depreciation	216,390,491	237,267,531	(20,877,040)	-8.80%
Total assets	<u>326,190,673</u>	<u>346,721,107</u>	<u>(20,530,434)</u>	-5.92%
Deferred Outflows of Resources:				
Deferred loss on refunding, net of accumulated amortization	196,369	221,161	(24,792)	-11.21%
Liabilities:				
Current and other liabilities	15,173,283	11,718,537	3,454,746	29.48%
Long-term liabilities	30,186,137	23,882,666	6,303,471	26.39%
Total liabilities	<u>45,359,420</u>	<u>35,601,203</u>	<u>9,758,217</u>	27.41%
Net position:				
Net investment in capital assets	212,179,772	233,128,695	(20,948,923)	-8.99%
Restricted	20,922,791	18,418,248	2,504,543	13.60%
Unrestricted	47,925,059	59,794,122	(11,869,063)	-19.85%
Total net position	<u>\$ 281,027,622</u>	<u>\$ 311,341,065</u>	<u>\$ (30,313,443)</u>	-9.74%

See accompanying independent auditor’s report.

Governmental activities show a decrease in “Total assets” of \$20.5 million or 5.92 percent. This is primarily due to the transferring assets back to the SAWRA. In February 2012, when the WRA was dissolved, several capital assets were transferred to the City. Pursuant to Health and Safety Code (HS&C) section 34181 (a) successor agencies may transfer assets that were constructed and used for a governmental purpose to the appropriate public jurisdiction. Several of the transferred land parcels have since been deemed “not to be currently in use for governmental purposes” by the California Department of Finance (DOF). The assets will now be included on SAWRA’s Long-Range Property Management Plan (LRPMP) for further review by the DOF. To the extent that SAWRA can demonstrate that the properties in question are going to be developed for future governmental use, these properties may be transferred back to the City once the LRPMP is approved by the DOF. This transfer of capital assets also resulted in a decrease of \$20.9 million or 8.99 percent in “Net assets - Invested in capital assets.” Additional information can be found in Notes 15 and 16 in the notes to the basic financial statements.

“Current and other liabilities” increased by \$3.5 million or 29.48 percent. A portion of this change is due to an increase of \$2.2 million in “Accounts payable and other liabilities.” The majority of this increase is due to outstanding capital project and legal invoices at year end. In addition, “Long-term liabilities – due within one year” increased by \$1.3 million as a result of an increase to the “Claims payable” liability to cover pending lawsuits.

“Long-term liabilities” increased by \$6.3 million or 26.39 percent. The majority of this increase is also a result of the “Claims payable” liability. The long-term portion of this increased by \$4.0 million. In addition, the OPEB liability increased \$2.4 million. Additional information on these liabilities can be found in Notes 9 and 11 in the notes to the basic financial statements.

“Net position – Restricted” increased by \$2.5 million or 13.6 percent. The majority of this increase is due to an increase of \$2.3 million in the Westminster Housing Authority Special Revenue Fund’s “Restricted” fund balance. This increase was primarily the result of a reduction in the “Advance from Successor Agency” by \$1.5 million, and the transfer of “Land held for resale” of \$796 thousand from the City’s General Fixed Asset account. Both of these transactions are a result of SAWRA activity during the fiscal year. These transactions resulted in a like decrease in “Net position – Unrestricted,” which saw an overall decrease of \$11.9 million or 19.85 percent. Other contributions to the decrease in this category were liability increases of \$5.4 million in claims payable and \$2.4 million in the OPEB liability, as well as a \$1.8 million decrease in the General Fund’s fund balance.

The decrease in “Deferred loss on refunding, net of accumulated amortization” is the annual amortization cost.

Statement of Net Position Business-type Activity				
	June 30, 2014	June 30, 2013	Increase/ (Decrease) From 2013	Percent Increase/ (Decrease)
Assets:				
Current and other assets	\$ 10,002,404	\$ 9,451,867	\$ 550,537	5.82%
Capital assets, net of accumulated depreciation	32,398,846	31,785,540	613,306	1.93%
Total assets	<u>42,401,250</u>	<u>41,237,407</u>	<u>1,163,843</u>	2.82%
Deferred Outflows of Resources:				
Deferred loss on refunding, net of accumulated amortization	259,957	285,949	(25,992)	-9.09%
Liabilities:				
Current and other liabilities	2,503,673	2,253,557	250,116	11.10%
Long-term liabilities	4,278,512	4,628,666	(350,154)	-7.56%
Total liabilities	<u>6,782,185</u>	<u>6,882,223</u>	<u>(100,038)</u>	-1.45%
Net position:				
Net investment in capital assets	28,061,606	27,137,496	924,110	3.41%
Restricted	113,103	113,160	(57)	-0.05%
Unrestricted	7,704,313	7,390,477	313,836	4.25%
Total net position	<u>\$ 35,879,022</u>	<u>\$ 34,641,133</u>	<u>\$ 1,237,889</u>	3.57%

Business-type activity remained fairly static for fiscal years 2014 and 2013. The greatest changes occurred in “Current and other liabilities,” “Deferred loss on refunding, net of accumulated amortization,” “Long-term liabilities,” and “Current and other assets.”

The increase in “Current and other liabilities” of \$250 thousand or 11.1 percent is due mostly to an increase in “Accounts payable and other liabilities” of \$271 thousand. The final monthly invoice to the Municipal Water District increased by \$211 thousand over the prior year’s invoice, which was accrued in fiscal year 2013. This invoice is the cost of purchased water. As part of a “Coastal Pumping Transfer,” the City was asked to purchase water rather than pump from our coastal facility. As this is a more expensive option for the City, the Orange County Water District rebated the City \$190 thousand to cover some of the additional cost.

The decrease in “Deferred loss on refunding, net of accumulated amortization” is the annual amortization cost.

The decrease in “Long-term liabilities,” of \$350 thousand, or 7.56 percent is due mostly to principal payments of \$337 thousand.

“Current and other assets” increased by \$551 thousand or 5.82 percent due to an increase in “Cash and investments” of \$889 thousand.

See accompanying independent auditor’s report.

Statement of Net Position Primary Government				
	June 30, 2014	June 30, 2013	Increase/ (Decrease) From 2013	Percent Increase/ (Decrease)
Assets:				
Current and other assets	\$ 119,802,586	\$ 118,905,443	\$ 897,143	0.75%
Capital assets, net of accumulated depreciation	248,789,337	269,053,071	(20,263,734)	-7.53%
Total assets	<u>368,591,923</u>	<u>387,958,514</u>	<u>(19,366,591)</u>	-4.99%
Deferred Outflows of Resources:				
Deferred loss on refunding, net of accumulated amortization	456,326	507,110	(50,784)	-10.01%
Liabilities:				
Current and other liabilities	17,676,956	13,972,094	3,704,862	26.52%
Long-term liabilities	34,464,649	28,511,332	5,953,317	20.88%
Total liabilities	<u>52,141,605</u>	<u>42,483,426</u>	<u>9,658,179</u>	22.73%
Net position:				
Net investment in capital assets	240,241,378	260,266,191	(20,024,813)	-7.69%
Restricted	21,035,894	18,531,408	2,504,486	13.51%
Unrestricted	55,629,372	67,184,599	(11,555,227)	-17.20%
Total net position	<u>\$ 316,906,644</u>	<u>\$ 345,982,198</u>	<u>\$ (29,075,554)</u>	-8.40%

The City's restricted portion of net position (\$21.0 million or 6.6 percent of total net position) represents resources that are subject to external restrictions on how they may be used. This is a \$2.50 million, or 13.51 percent increase from prior year.

Unrestricted net position (\$55.6 million or 17.6 percent of total net position) decreased \$11.6 million or 17.2 percent from the prior year. These funds may be used to meet the government's ongoing obligations to citizens, creditors, and City imposed designations (e.g., reserves, pending litigations, contingencies, capital projects).

The largest portion (75.8 percent) of the City's net position reflects its investment of \$240.2 million in capital assets (net of accumulated depreciation); less any related outstanding debt used to acquire those assets. This is an overall decrease of \$20.0 million, or 7.69 percent from the prior year. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of fiscal year 2014, the City shows positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental activities and business-type activity.

See accompanying independent auditor's report.

Statement of Activities

The statement of activities shows how the government's net position changed during fiscal year 2014. The City's net position decreased overall by \$29.1 million as summarized below and on the following pages (net change from combined Government and Business-type activities). A more detailed "Statement of Net Activities" can be found on pages 24-25 of this report.

Statement of Activities				
Governmental Activities				
	For the year ended		Increase/ (Decrease) From 2013	Percent Increase/ (Decrease)
	June 30, 2014	June 30, 2013

Extraordinary loss	(19,235,515)	-	(19,235,515)	-100.00%
Change in net position	(30,313,443)	8,963,745	(39,277,188)	-438.18%
Net position - Beginning of Year	311,341,065	302,377,320	8,963,745	2.96%
Net position - End of Year	<u>\$ 281,027,622</u>	<u>\$ 311,341,065</u>	<u>\$ (30,313,443)</u>	-9.74%

Governmental activities decreased the City's net position by \$30.3 million. As a percentage of total expenses, public safety remains the largest expense function (62.7 percent), followed by public works (17.1 percent), community development (11.2 percent), general government (4.7 percent), community services (4.1 percent), and interest on long term debt (.2 percent). General revenues such as property and sales tax are not shown by program, but are effectively used to support program activities citywide.

See accompanying independent auditor's report.

Revenues decreased by \$8.4 million or 12.58 percent. The majority of the decrease is in “Program revenues – Capital grants and contributions.” This revenue source will vary from year to year, depending on the completion of grant funded projects. The current year includes capital assets of \$3.4 million transferred from SAWRA to the City. The majority of these additions are construction in progress on public use properties.

“General revenues – Taxes” decreased by \$1.5 million or 3.79 percent. The City received some one-time monies in fiscal year 2013 of approximately \$4.3 million as a result of the WRA dissolution. Excluding the one-time monies in property taxes, taxes showed an overall increase of \$2.8 million or 8.37 percent. Sales taxes showed a \$1.6 million increase or 11.43 percent, while property taxes showed a \$1.0 million increase or 8.61 percent. All other taxes, with the exception of motor vehicle taxes, showed slight increases. Motor vehicle taxes showed a decrease of \$8 thousand or 17.24 percent.

“Operating grants and contributions” increased by \$1.3 million or 17.66 percent. This revenue source will also vary from year to year, depending on the completion of grant funded projects and the allocations received.

“Unrestricted investment earnings” increased by \$855 thousand or 383.73 percent. This balance includes the City’s “mark-to-market” amount from its various investments. Fiscal year 2014’s “mark-to-market” posted a gain of \$24 thousand, while fiscal year 2013 posted a market loss of \$286 thousand. Absent the “mark-to-market” postings, fiscal year 2014 “Unrestricted investment earnings” showed an increase of \$545 thousand or 861.4 percent.

Program expenses increased most significantly in “Community development,” and “Public safety.” “Community development” increased by \$2.5 million or 45.43 percent. The majority of this increase is due to increased work in grant funded special revenue accounts, such as HOME, and various street project grants. This will vary from year to year depending on the availability of grant resources. “Public safety” shows an increase of \$6.0 million or 15.81 percent. Of this increase, approximately \$4.9 million is related to legal proceedings. Another \$468 thousand of the increase is related to payroll costs, and \$406 thousand was on a new parking enforcement contract. During the initial WRA dissolution process, many public safety positions were put on hold or eliminated. As the economy begins to show a slight improvement, the City has begun hiring back some of the lost positions as well as looking for a more efficient method of enforcing parking throughout the City. In addition to these noted increases, the City’s fire contract with the Orange County Fire Authority (OCFA) increased by approximately \$312 thousand.

The City shows an “Extraordinary loss” of \$19.2 million during the year. As previously noted this is the net amount of property that was transferred between the City and SAWRA. During the year, the DOF deemed this as property that was not currently being used for government purposes. As a result it was transferred back to SAWRA, and will now go through the Long Range Property Management Plan process. Additional information on these transactions can be found in Notes 15 and 16 in the notes to the basic financial statements.

See accompanying independent auditor’s report.

Statement of Activities				
Business-type Activity				
	For the year ended		Increase/ (Decrease) From 2013	Percent Increase/ (Decrease)
	June 30, 2014	June 30, 2013		
Revenues:				
Program revenues:				
Charges for services	\$ 14,742,082	\$ 14,805,527	\$ (63,445)	-0.43%
General revenues:				
Unrestricted investment earnings	36,327	86,479	(50,152)	-57.99%
Total Revenues	<u>14,778,409</u>	<u>14,892,006</u>	<u>(113,597)</u>	-0.76%
Expenses:				
Water enterprise	12,879,866	12,204,823	675,043	5.53%
Total Expenses	<u>12,879,866</u>	<u>12,204,823</u>	<u>675,043</u>	5.53%
Increase in net position before transfers	1,898,543	2,687,183	(788,640)	-29.35%
Transfers	<u>(660,654)</u>	<u>(3,385,481)</u>	<u>2,724,827</u>	-80.49%
Change in net position	1,237,889	(698,298)	1,936,187	-277.27%
Net position - Beginning of Year	<u>34,641,133</u>	<u>35,339,431</u>	<u>(698,298)</u>	-1.98%
Net position - End of Year	<u>\$ 35,879,022</u>	<u>\$ 34,641,133</u>	<u>\$ 1,237,889</u>	3.57%

Business-type activity increased the City’s net position by \$1.2 million. For the most part, the Water Utility Fund’s revenues and expenses were static for fiscal years 2014 and 2013. The largest changes occurred in “Transfers” and “Unrestricted investment earnings.”

“Transfers” decreased by \$2.8 million. During fiscal year 2013, a one-time transfer of \$2.1 million was transferred to a capital project reserve fund to cover future projects that focus on conservation. This amount was derived from high usage billings, and the prior year transfer included a “catch up” for fiscal years 2010 through 2012. Fiscal year 2014’s “high usage” billings amount is \$701 thousand. This amount was reduced from “Charges for services” during the year, and posted to the capital project reserve fund. Fiscal year 2013 showed \$705 thousand in “high usage” billings. “Transfers” in current year consist of the net amount transferred to the capital projects fund.

“Unrestricted investment earnings” decreased by \$50 thousand or 57.99 percent due to an overall decrease in the average cash balance throughout the year.

See accompanying independent auditor’s report.

FINANCIAL ANALYSIS OF CITY FUNDS

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Overall, the City had a decrease of \$115.5 thousand to fund balances.

The focus of the City’s governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City’s financing requirements. The City presents its financial statements using GASB Statement No. 54, “Fund Balance Reporting and Governmental Fund Type Definitions.” The objective of the Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. The Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in government funds. Refer to pages 26-32 of this report for more detail on governmental funds.

See accompanying independent auditor’s report.

As of June 30, 2014, the City's governmental funds reported combined ending fund balances of \$81.4 million, a decrease of \$115.5 thousand in comparison with the prior year. Of the \$81.4 million, \$26.0 million, or 31.9 percent, is classified as nonspendable fund balance, \$9.5 million, or 11.6 percent, is classified as restricted fund balance, \$22.6 million or 27.8 percent, is classified as assigned fund balance, and \$23.4 million or 28.7 percent is classified as unassigned fund balance. For a more detailed description of these classifications see Note 12 in the notes to the basic financial statements.

The General Fund is the chief operating fund of the City. As of June 30, 2014, the total fund balance was \$24.2 million. The nonspendable portion of this balance is \$52 thousand. The remaining unassigned fund balance is available for spending at the City's discretion. The City is in the process of developing reserve policies that will provide a more strategic treatment of fund balances utilizing the GASB 54 classifications. Total fund balance represents 52.6 percent of total General Fund expenditures.

The major factors in fund balance changes are as follows:

Governmental Funds

- The **General Fund** recognized a \$1.8 million decrease in fund balance. Revenue increased by \$1.3 million while expenditures increased by \$955 thousand. Prior year revenue included a one-time payment of \$3.3 million in property taxes as part of the dissolution process of the former Westminster Redevelopment Agency (WRA). In fiscal year 2014, "Investment and rental" revenue increased by \$1.0 million. The "mark-to-market" adjustment contributed to a majority of this change. The "mark-to-market" adjustment in fiscal year 2013 resulted in negative interest income of \$425 thousand, while in fiscal year 2014 interest income was a positive \$538 thousand. "Charges for services" also increased by \$1.0 million. The City increased certain fees for the first time in several years to cover increasing costs. For the most part, a majority of the revenues did reflect gains. Although overall expenditures increased by \$955 thousand, cost cutting measures are continuing for all departments. Some rehiring of vacant positions took place during the year resulting in an overall increase of \$823 thousand in personnel related costs. Included in this increase are PERS rates which continue to grow each year. In fiscal year 2014, PERS rates increased by 3.45 percent for miscellaneous employees and up to 1.69 percent for some safety employees. In addition to these cost increases, the City's contract with the Orange County Fire Authority (OCFA) has mandatory annual increases. Overall fire safety costs increased \$312 thousand during the year.
- The **Westminster Housing Authority Fund** recognized a \$685 thousand increase in fund balance. In 2013, \$14.6 million was transferred in as an "Advance from the Successor Agency." This amount represents prior Supplemental Educational Revenue Augmentation Fund (SERAF) payments that the State of California will eventually reimburse the housing fund to aid in the administration of low and moderate income housing loans and grants. During fiscal year 2014 \$1.5 million of this advance was reimbursed. In addition, \$796,610 in "Land held for resale" was transferred from the City's General Fixed Asset Account Group. The California DOF determined these assets to be "Housing" properties. This amount is reflected as an "Extraordinary item." For additional information see Note 5 in the notes to the basic financial statements. There is \$25.1 million of the fund's \$27.4 million total fund balance that is nonspendable due to the unpredictability of receipts on its outstanding receivables. The remaining \$2.4 million is restricted to low and moderate income housing functions.

See accompanying independent auditor's report.

- The **Housing and Community Development Fund** recognized a \$613 thousand decrease in fund balance. This is a grant program which is reimbursed periodically throughout the year. The current year's "Transfers out" was to the Capital Projects Fund for various street projects.
- The **Special Gas Tax and Street Improvements Fund** recognized a \$360 thousand decrease in fund balance. This is grant funded and many of the projects are reimbursable only upon completion. The fund received \$2.5 million in "Intergovernmental" income in fiscal year 2014. This program has a deficit fund balance of \$42 thousand.
- The **Capital Improvements Capital Projects Fund** recognized a \$1.7 million increase in fund balance. \$11 million dollars was transferred in from various source funds to complete newly approved projects. A total of \$5.8 million was spent on capital outlay during the year. In addition, \$4.9 million in closed or completed projects were transferred back to the source fund. See Note 6 in the notes to the basic financial statements for additional information.
- **Other Governmental Funds**, which are non-major funds, recognized a combined increase of \$253 thousand to fund balances. These funds are further detailed beginning on page 101 of this report.

Proprietary Funds

- The **Enterprise Water Fund** recognized an increase of \$1.4 million to fund balance during fiscal year 2014 due to revenues of \$14.7 million and expenditures and transfers of \$13.3 million. The majority of the current year's "Transfers" were to the Capital Projects Fund for various repair/replace type projects.
- The **Internal Service Funds** recognized a \$6.4 million decrease in fund balance due to expenditures exceeding revenues. These funds finance and account for goods and services provided by one City department to other City departments, or to other governments, on a cost reimbursement basis. The City has four internal service funds. These funds are further detailed beginning on page 113 of this report.

CASH MANAGEMENT

The City follows the practice of pooling cash and investments of all funds except for amounts with fiscal agents, and legally restricted funds. Additional information can be found in Note 2 in the notes to the basic financial statements. The 2014 fiscal year ended with an increase in the City's average portfolio balance. Average total cash and investment balances for the past ten years are noted on the following page.

See accompanying independent auditor's report.

<u>Fiscal Year</u>	<u>Average Balance (in millions)</u>	<u>% Change</u>
2005	67.9	---
2006	66.3	-2.4%
2007	67.0	1.1%
2008	67.7	1.0%
2009	69.2	2.2%
2010	62.8	-9.2%
2011	63.4	1.0%
2012	67.5	6.5%
2013	72.0	6.7%
2014	74.8	3.9%

Since 2005 the City's average portfolio balance has increased by \$6.9 million, or 10.2%.

BUDGETARY HIGHLIGHTS

The General Fund reflected a net total positive budget variance of \$2.4 million when comparing actual amounts to the final amended budget for the current fiscal year. When preparing its budget, the City attempts to estimate its revenues using realistic, but conservative methods so as to budget its expenditure appropriations in a prudent manner. Comparing the fiscal year 2013-14 General Fund's original (adopted) budget revenue amount of \$42.2 million to the final budgeted revenue amount of \$43.8 million shows a net \$1.6 million increase. The majority of the increase was due to additional property taxes received in the general fund as a result of the WRA dissolution. The ending actual revenue shows a positive variance of \$1.7 million, or 4.0 percent of the budget. The largest positive variances occurred in "Taxes" and "Charges for services," at \$879 thousand and \$698 thousand. Only "Intergovernmental" showed a negative variance at \$72 thousand.

Comparing the fiscal year 2013-14 General Fund's original (adopted) budget expenditure amount of \$45.8 million to the final budget expenditure amount of \$46.5 million shows a net \$752 thousand increase. The ending actual expenditure savings were \$609 thousand, or 1.3 percent of the budget. The majority of the savings are in "Public works," at \$215 thousand.

Controlling growth in employee related expenses has been a key to cost controls. The City continues to provide full services at ratios equal to or exceeding other "full service" cities while maintaining a ratio for employees per capita that is below the County average, and a General Fund cost per capita ratio that is substantially below that of comparable cities:

	<u>City</u>	<u>County Average</u>
Employees per capita (1,000)	3.48	4.66
General Fund costs per capita	\$501	\$742

The City continues to dedicate itself to delivering cost-effective service, without sacrificing the quality and level of service that is important to the overall quality of life, health and safety of the community. The General Fund budget to actual report can be found on page 95 of this report.

See accompanying independent auditor's report.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets:

Capital assets (net of accumulated depreciation) at June 30, 2014 and June 30, 2013 are summarized below:

Capital Assets (net of accumulated depreciation)			
	June 30, 2014		
	Governmental Activities	Business-type Activity	Total
Land	\$ 11,703,975	\$ 2,484,846	\$ 14,188,821

Total capital assets, net	<u>\$ 237,267,531</u>	<u>\$ 31,785,540</u>	<u>\$ 269,053,071</u>

Capital investment in capital assets for its governmental and business-type activities as of June 30, 2014 amounted to \$249 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, equipment, infrastructure, and construction in progress. The total decrease in capital assets for fiscal year 2014 was \$20.3 million, which represents a \$20.9 million or 8.8 percent decrease for governmental activities and a \$613 thousand or 1.9 percent increase for business-type activity. Major capital asset events during fiscal year 2014 included the following:

See accompanying independent auditor's report.

- The City added \$6.3 million in infrastructure.
- The City added \$1.2 million in fleet vehicle via a capital lease program.
- The City transferred \$19.4 million from “Land” to SAWRA, and \$796 thousand to the Westminster Housing Authority Special Revenue Fund as part of the continuing dissolutions of the WRA.

Additional information on the City’s capital assets can be found in Note 6 in the notes to the basic financial statements.

Long-term debt:

Long-term debt for June 30, 2014 and June 30, 2013 is summarized below:

Outstanding Debt			
June 30, 2014			
	Governmental	Business-type	
	Activities	Activity	Total
Certificates of participation	\$ 3,855,000	\$ 2,800,000	\$ 6,655,000
Leases payable	552,088	-	552,088
Loans payable	-	1,797,198	1,797,198
Total outstanding debt	<u>\$ 4,407,088</u>	<u>\$ 4,597,198</u>	<u>\$ 9,004,286</u>
June 30, 2013			
	Governmental	Business-type	
	Activities	Activity	Total
Certificates of participation	\$ 4,360,000	\$ 3,030,000	\$ 7,390,000
Loans payable	-	1,903,992	1,903,992
Total outstanding debt	<u>\$ 4,360,000</u>	<u>\$ 4,933,992</u>	<u>\$ 9,293,992</u>

At the end of fiscal year 2014, the City had total debt (excluding compensated absences and claims liabilities) outstanding of \$9.0 million. The City’s total debt decreased by \$289 thousand or 3.1 percent, during fiscal year 2014. The change in governmental debt consisted of ongoing debt service payments on certificates of participation, and the addition of leases payable related to the City’s vehicle fleet. The change in business-type debt consisted of ongoing debt service payments on certificates of participation and loans payable. Additional information can be found in Note 7 in the notes to the basic financial statements.

See accompanying independent auditor’s report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The national, regional and local economies continue to improve, five years after the official end of the "Great Recession." The City of Westminster has seen positive impacts of the improving economy as tax revenue – most notably property and sales – has grown in recent years. This is an important improvement since tax revenue comprises 78% of General Fund revenue. As the local real estate market improves, increased assessed values of property translate into additional property tax revenue. Most importantly, as consumers return to pre-recession consumption habits, sales tax receipts improve through increased retail and automobile sales.

However, the City continues to manage a structural deficit. Fiscal year 2013-14 ended with actual expenditures exceeding actual revenue by \$390 thousand. Adding the one-time expenditure of \$1.25 million for the General Plan update the use of reserves was \$1.8 million. The General Fund deficit has shrunk considerably over the last several fiscal years through concerted efforts by the City Council and management to reduce staffing levels and trim operational budgets. But the City Council and management will need to continue its efforts to align ongoing revenue with ongoing expenditures in order to move the City beyond its chronic structural deficit position.

The adopted fiscal year 2014-15 budget continues the movement towards placing the City on firm financial footing. The adopted fiscal year 2014-15 General Fund budget has a \$2.9 million deficit: \$50.6 million in expenditures vs. \$43.3 million in revenue plus \$4.3 million in interfund transfers. The City Council has acknowledged the importance of continuing to provide essential services to residents such as Police, Code Enforcement, Community Services and Park and Street maintenance. The City is fortunate to have healthy General Fund reserves in order to continue providing these services. The General Fund ended fiscal year 2013-14 with \$24.2 million in reserves, or approximately 53% of General Fund revenue. The General Fund is projected to end fiscal year 2014-15 with \$21.3 million in reserves.

Taxes are the largest revenue source in the City, comprising approximately 78% of General Fund revenue. Total tax revenues are projected to remain fairly static when compared to fiscal year 2013-14 actuals. Sales tax revenue continues to experience moderate growth, and the fiscal year 2014-15 budget shows a 4.1 percent increase over fiscal year 2013-14 actuals. Property tax – excluding any amount received as residual revenue through the redevelopment dissolution process – is projected to be 7.6 percent higher than last fiscal year's actuals.

General Fund expenditure appropriations across all departments are projected to be 4.7 percent higher when compared to fiscal year 2013-14 actuals. The fiscal year 2014-15 budget included some supplemental requests aimed at enhancing and restoring services: additional personnel in Police, Public Works and Building, as well as increased contractual appropriations for jail staffing and other Police related operational needs. In addition, the City's contract with the Orange County Fire Authority (OCFA) increased over 4.5 percent. The City Council and management are committed to providing necessary services and to that end will be adding positions strategically to the organization in future fiscal years.

As of the publication of these financial statements negotiations with the City's two labor groups is ongoing. The memoranda of understanding (MOU) between the City and the Police and Municipal Employee groups expired as of June 30, 2014. It is hoped that successor MOUs can be agreed upon prior to the end of the 2014-15 fiscal year in order to provide stability and predictability to future budget development discussions.

See accompanying independent auditor's report.

The City continues to strive to provide the highest quality of services by taking into consideration the concerns and interests of the past year, and integrating these into a vision dedicated to meeting the needs of our residents. This is accomplished by making fiscally responsible decisions that will ultimately strengthen the organization, and improve the fiscal health of the City.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the financial position of the City for all interested parties. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City's Administrative Services Department at the City of Westminster, 8200 Westminster Boulevard, Westminster, CA 92683, or call (714) 898-3311 or visit our website at www.westminster-ca.gov

CITY OF WESTMINSTER

RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET POSITION

June 30, 2014

Fund balances - total governmental funds		\$ 81,421,279
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds balance sheet:		
Capital assets	\$ 393,975,137	
Accumulated depreciation	<u>(184,301,140)</u>	209,673,997
Internal Service funds are used by management to charge the costs of various city activities to individual governmental and business-like funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Activities. Internal Service funds net position are:		
		11,039,668
Long-term liabilities applicable to the City governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term liabilities is not accrued in governmental funds, but rather is recognized as an expenditures when due. All liabilities, both current and long-term, are reported in the Statement of Net Position. Balances as of June 30, 2014 are:		
Certificates of participation payable	(2,717,595)	
Accrued interest	<u>(9,072)</u>	(2,726,667)
OPEB obligation is not accrued in governmental funds, but rather is recognized as an expenditure when paid.		
		(19,343,664)
Long-term assets are not available to pay for current period expenditures and, therefore, are deferred inflows of resources in the fund financial statements.		
		<u>963,009</u>
Net position of governmental activities		<u><u>\$ 281,027,622</u></u>

See accompanying independent auditors' report and notes to basic financial statements.

CITY OF WESTMINSTER

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

For the year ended June 30, 2014

Net change in fund balances - total governmental funds \$ (115,487)

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However,
in the Statement of Activities, the cost of those assets is allocated over
the estimated useful lives as depreciation expense. This is the amount
by which capital expense and capital contributions exceeded depreciation
in the current period.

Net change in capital assets	\$ 4,691,175	
Depreciation expense	(10,141,881)	
Contribution of capital assets from the Successor Agency	3,435,672	
Transfer of capital assets to the Westminster Housing Authority	(796,610)	
Contribution of capital assets to the Successor Agency	<u>(19,235,515)</u>	(22,047,159)

The issuance of long term debt provides current financial resources to governmental
funds, while the repayment of the principal of long term-debt consumes the current
financial resources of governmental funds. Neither transaction, however, has any
effect on net position.

Principal payments		356,001
--------------------	--	---------

Some expenses reported in the Statement of Activities do not require the use of
current financial resources and therefore are not reported as expenditures in
the governmental funds.

Net change in accrued interest	881	
OPEB expense	<u>(2,393,221)</u>	(2,392,340)

Internal service funds are used by management to charge the costs of certain
activities, such as fleet management, telephones, and warehouse operations
to individual funds. The net revenue (expense) of these internal service funds
are reported as governmental activities.

		(6,274,298)
--	--	-------------

Some revenues reported previously in the Statement of Activities were reported as
revenues in the governmental funds as they were received in the current fiscal year.

Net change in sales tax accrual		<u>159,840</u>
---------------------------------	--	----------------

Change in net position of governmental activities		<u>\$ (30,313,443)</u>
---	--	------------------------

See accompanying independent auditors' report and notes to basic financial statements.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Description of the Reporting Entity:

The basic financial statements of the City of Westminster include the activities of the City, the Westminster Public Financing Authority and the Westminster Housing Authority.

The City of Westminster was incorporated in 1957 under the General Laws of the State of California. The City operates under a Council-Manager form of government governed by a five-member council and provides the following services: public safety (police, fire, paramedic and ambulance), highways and streets, parks and recreation, public improvements, planning and zoning, and general administrative services.

The criteria used in determining the scope of the reporting entity are based on the provisions of Governmental Accounting Standards Board Statements. The City of Westminster is the primary government unit. Component units are those entities which are financially accountable to the primary government, either because the City appoints a voting majority of the component unit's board, or because the component unit will provide a financial benefit or impose a financial burden on the City. The City has accounted for the Westminster Public Financing Authority and Westminster Housing Authority as "blended" component units. Despite being legally separate, these entities are so intertwined with the City that they are, in substance, part of the City's operations. Accordingly, these basic financial statements present the City and its component units, the Westminster Public Financing Authority and the Westminster Housing Authority. Each blended component unit has a June 30 year end.

The Westminster Public Financing Authority (the Authority) was established on March 23, 1993 pursuant to California Government Code, Section 6500. The Authority was established to provide a financing mechanism for the City's and Agency's various public projects. A separate fund is not maintained for the Authority as principal and interest payments on debt issued by the Authority is paid directly by the City. The payments are reported in the Special Revenue, Enterprise and Internal Service Funds. There are no separate Basic Financial Statements prepared for the Authority.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Description of the Reporting Entity (Continued):

The Westminster Housing Authority (the Housing Authority) was established on February 9, 2011 in accordance with California Housing Authority Law (Health and Safety Code Sections 34200). The Housing Authority was established to provide the City with the ability to participate in one or more of the public Housing Programs offered by Housing and Urban Development (HUD). As such, the City will be able to own and operate housing developments, alleviating the need to find prospective owners or operators for the units created. Certain assets of the former Redevelopment Agency's Low and Moderate Income Housing Funds were transferred to the Housing Authority on February 1, 2012. The activity of the Housing Authority is reported in the Special Revenue Funds. There are no separate Basic Financial Statements prepared for the Housing Authority.

The accounting policies of the City of Westminster, the Westminster Public Financing Authority and the Westminster Housing Authority conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Government-Wide and Fund Financial Statements:

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities and Changes in Net Position) report information about the reporting government as a whole, except for its fiduciary activities. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government (including its blended component units) is reported separately from discretely presented component units for which the primary government is financially accountable. The City has no discretely presented component units.

Certain eliminations have been made in regards to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activity, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Government-Wide and Fund Financial Statements (Continued):

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The underlying accounting system of the City is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Separate financial statements for the government's governmental, proprietary, and fiduciary funds are presented after the Government-wide Financial Statements. These statements display information about major funds individually and nonmajor funds in the aggregate for governmental and enterprise funds. Fiduciary statements, even though excluded from the government-wide financial statements represent private purpose trust funds and agency funds.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the proprietary and private purpose trust fund financial statements. Under the economic resources measurement focus, all assets, deferred outflows of resources, liabilities and deferred inflows of resources (whether current or noncurrent) associated with their activity are included on their balance sheets. Operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange include property taxes, grants, entitlements, and donations.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued):

On an accrual basis, revenue from property taxes is recognized in the fiscal year which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all the eligibility requirements have been satisfied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the current financial resources measurement focus, only current assets and current liabilities are generally included on their balance sheets. The reported fund balance (net current assets) is considered to be a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period. Noncurrent portions of long-term receivables due to governmental funds are reported on their balance sheets in spite of their spending measurement focus. However, special reporting treatments are used to indicate that they should not be considered “available spendable resources” since they do not represent net current assets. Recognition of governmental fund type revenue represented by noncurrent receivables is reported as deferred inflows of resources.

Under the modified accrual basis of accounting, revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, except for principal and interest on general long-term liabilities, claims and judgments, and compensated absences which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term liabilities are reported as other financing sources.

See accompanying independent auditors’ report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued):

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City's Fiduciary Funds consists of a private purpose trust fund which is reported using the economic resources measurement focus and an agency fund which has no measurement focus, but utilizes the accrual basis for reporting its assets and liabilities.

All governmental and business-type activities and enterprise funds of the City follow GASB pronouncements.

Fund Classifications:

The City reports the following major governmental funds:

The General Fund is the primary operating fund of the City. It is used to account for all revenues and expenditures that are not required to be accounted for in another fund.

The Westminster Housing Authority Special Revenue Fund is used to account for revenues received primarily from loan repayments and the associated expenditures to be used for increasing or improving low and moderate income housing. The assets in this account were transferred to the City upon dissolution of the Westminster Redevelopment Agency.

The Housing and Community Development Special Revenue Fund is used to account for Federal grants received from the Department of Housing and Urban Development (HUD). The grants are to be used for the development of a viable community by providing decent housing, suitable living environment, and expanding economic opportunities, principally for persons with low and moderate income.

The Special Gas Tax and Street Improvements Special Revenue Fund is used to account for revenues and expenditures apportioned under the Streets and Highways Code of the State of California, Measure M sales taxes, and various grant programs available for street-related expenditures. Expenditures may be made for any street-related purpose in the City's system of streets, including maintenance thereof.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Fund Classifications (Continued):

The Capital Improvements Capital Projects Fund is used to account for City projects funded by various sources.

The City reports the following major enterprise fund:

The Water Enterprise Fund is used to account for the provision of water services to residential, commercial and industrial customers.

The City's fund structure also includes the following fund types:

The Special Revenue Funds are used to account for proceeds of specific revenue sources that are legally restricted or otherwise assigned for specific purposes.

The Internal Service Funds are used to account for the financing of special activities that provide services within the City. These activities include risk management, compensation and benefits, motor pool and equipment maintenance, and facilities maintenance.

The Private Purpose Trust Fund is used to account for the activities of the Successor Agency to the Westminster Redevelopment Agency.

The Agency Fund is used to account for money and property held by the City as trustee or custodian. This fund is used to account for the 1915 Act Bonds (Limited Obligation Improvement Bonds) for which the City acts as an agent for debt service activity.

New Accounting Pronouncements:

Current Year Standards

GASB 66 - "*Technical Corrections, an amendment of GASB Statement No. 10 and Statement No. 62*", required to be implemented in the current fiscal year did not impact the City.

GASB 70 - "*Accounting and Financial Reporting for Nonexchange Financial Guarantees*", required to be implemented in the current fiscal year did not impact the City.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

New Accounting Pronouncements (Continued):

Pending Accounting Standards

GASB has issued the following statements which may impact the City's financial reporting requirements in the future:

- GASB 68 - "*Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27*", effective for the fiscal years beginning after June 15, 2014.
- GASB 69 - "*Government Combinations and Disposals of Government Operations*", effective for periods beginning after December 15, 2013.
- GASB 71 - "*Pension Transition for Contributions Made Subsequent to the Measurement Date, an Amendment of GASB Statement No. 68*", effective for the periods beginning after June 15, 2014.

Land Held for Resale:

Land held for resale is carried at the lower of cost or estimated realizable value determined only upon the execution of a disposition and development agreement.

Capital Assets:

Capital assets (including infrastructure) are recorded at cost where historical records are available and at an estimated original cost where no historical records exist. Contributed capital assets are valued at their estimated fair market value at the date of contribution. Generally, capital asset purchases in excess of \$5,000 are capitalized if they have an expected useful life of 1 year or more.

Capital assets include additions to public domain (infrastructure), certain improvements including pavement, curb and gutter, sidewalks, traffic control devices, streetlights, sewers, storm drains, bridges and right-of-way corridors within the City.

Capital assets used in operations are depreciated over their estimated useful lives using the straight-line method in the Government-Wide Financial Statements and in the Fund Financial Statements of the Enterprise Fund. Depreciation is charged as an expense against operations and accumulated depreciation is reported on the respective balance sheet.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Capital Assets (Continued):

The lives used for depreciation purposes of each capital asset class are:

Buildings	30 to 50 years
Improvements other than buildings	20 years
Water distribution lines	65 years
Vehicles	4 to 15 years
Machinery and equipment	5 to 30 years
Office furniture, computers and equipment	5 to 20 years
Leased property	3 to 10 years
Infrastructure	20 to 50 years

Deferred Outflows/Inflows of Resources:

In addition to assets, the Statement of Net Position and the Governmental Funds Balance Sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has one item that qualifies for reporting in this category. It is the deferred loss on refunding, net of accumulated amortization reported in the government-wide statement of net position and the proprietary funds financial statements. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenues*, is reported only in the governmental fund balance sheet. The governmental funds report unavailable revenues from two sources: taxes and grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Net Position Flow Assumptions:

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the City's practice to consider restricted - net position to have been depleted before unrestricted - net position is applied.

Long-Term Obligations:

In the government-wide financial statements, the proprietary, and the fiduciary private purpose trust fund in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, proprietary fund type statement of net position and the fiduciary statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Encumbrances:

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General, Special Revenue, and Capital Projects Funds. Unexpended and unencumbered appropriations of the governmental funds automatically lapse at the end of the fiscal year. As of June 30, 2014 all encumbrances at year-end were closed. Unexpended appropriations are reencumbered in the following year after reconsideration, without additional budget appropriation.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Statement of Cash Flows:

For purposes of the Statement of Cash Flows, City's Enterprise and Internal Service Funds participate in the pooling of City-wide cash and investments. As amounts are available to these Funds on demand, all cash and investments are considered to be cash and cash equivalents for statement of cash flow purposes.

Investments:

Investments are stated at fair value (quoted market price or best available estimate thereof).

Inventories:

Inventories are valued at cost, which approximates market, on a first-in, first-out basis. Inventory in the Enterprise Fund consists mostly of water meters and spare parts. Inventory in the Internal Service Funds consists of expendable supplies held for consumption.

Property Taxes:

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on July 1 and are payable in two installments on November 1 and February 1 and become delinquent December 11 and April 11. The County bills and collects the property taxes and remits them to the City in installments during the year. City property tax revenues are recognized when levied to the extent that they result in current receivables.

The County is permitted by State law (Proposition 13) to levy taxes at 1% of full market value (at time of purchase) and can increase the assessed values no more than 2% per year. The City receives a share of this basic levy proportionate to what was received in the 1976 to 1978 period.

Compensated Absences:

Costs associated with compensated absences, along with any related accruals, are accounted for in the Compensation/Benefits Internal Service Fund. The costs for this program will be recovered from those governmental units through inter-departmental charges for services. Other proprietary funds with payroll costs account for their own respective compensated absences.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Retirement Benefits:

The City accounts for CalPERS retirement benefit expenditures in the Compensation/Benefits Internal Service Fund.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Specifically, the City has made certain estimates and assumptions relating to the collectibility of its receivables (including accounts receivable and notes receivable), fair value of investments, estimated useful lives of capital assets for depreciation purposes, annual required contribution requirements for the other post-employment benefit plan, annual pension costs for the defined benefit plans, and the ultimate outcome of claims and judgments. Actual results could differ from those estimates and assumptions.

2. CASH AND INVESTMENTS:

Cash and Investments:

Cash and investments at June 30, 2014 consisted of the following:

	Government Wide Statement of Net Position	Fiduciary Funds Statement of Net Position	Total
Unrestricted assets:			
Cash and investments	\$ 61,348,107	\$ 19,219,956	\$ 80,568,063
Total unrestricted assets	<u>61,348,107</u>	<u>19,219,956</u>	<u>80,568,063</u>
Restricted assets:			
Cash and investments	17,833,675	8,373	17,842,048
Cash and investments with fiscal agents	<u>113,109</u>	<u>32,483,544</u>	<u>32,596,653</u>
Total restricted assets	<u>17,946,784</u>	<u>32,491,917</u>	<u>50,438,701</u>
 TOTAL CASH AND INVESTMENTS	 <u>\$ 79,294,891</u>	 <u>\$ 51,711,873</u>	 <u>\$ 131,006,764</u>

2. CASH AND INVESTMENTS (CONTINUED):

Cash and Investments (Continued):

Cash and investments consist of deposits and investments, as noted below:

Primary Government

Deposits	\$ 3,563,886
Investments	<u>75,731,005</u>
	<u>\$ 79,294,891</u>

Fiduciary Funds

Pooled with the Primary Government	\$ 8,373
Deposits	367,340
Investments	<u>51,336,160</u>
	<u>\$ 51,711,873</u>

The City follows the practice of pooling cash and investments of all funds except for amounts with fiscal agents, and legally restricted funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Unrestricted assets - cash and investments" or "Restricted assets - cash and investments".

Investment income earned on pooled cash and investments is allocated to the various funds based on ending cash and investment balances. Interest from cash and investments of funds excluded from pooled amounts is credited directly to the related fund.

Investments Authorized by the California Government Code and the City's Investment Policy:

The table below identifies the investment types that are authorized for the City, including the fiduciary private purpose trust fund, by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

See accompanying independent auditors' report.

Disclosures Relating to Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

2. CASH AND INVESTMENTS (CONTINUED):

Concentration of Credit Risk:

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer that represent 5% or more of total City's investments are as follows:

Primary Government

<u>Issuer</u>	<u>Investment Type</u>	<u>Reported Amount</u>
Federal Home Loan Mortgage Corporation	United States Government Sponsored Agency Securities	\$ 11,571,491
Federal Home Loan Bank	United States Government Sponsored Agency Securities	10,707,918
Federal National Mortgage Association	United States Government Sponsored Agency Securities	13,730,432
Federal Farm Credit Bank	United States Government Sponsored Agency Securities	7,301,173

Fiduciary Funds

<u>Issuer</u>	<u>Investment Type</u>	<u>Reported Amount</u>
Federal Home Loan Bank	United States Government Sponsored Agency Securities	\$ 4,647,188
Federal National Mortgage Association	United States Government Sponsored Agency Securities	4,537,888
Federal Home Loan Mortgage Corporation	United States Government Sponsored Agency Securities	3,771,418

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

2. CASH AND INVESTMENTS (CONTINUED):

Custodial Credit Risk:

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. At June 30, 2014, the City deposits (bank balances) were insured by the Federal Depository Insurance Corporation or collateralized as required under California Law.

Investment in State Investment Pool:

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

See accompanying independent auditors' report.

Governmental Activities:

Certificates of Participation

\$7,825,000 City of Westminster 2008 Certificates of Participation (Civic Center Refunding), dated May 1, 2008. The Certificates are payable in annual installments ranging from \$320,000 to \$860,000 until maturity on June 1, 2022. Interest is payable bi-annually at an average rate of 4.1%. The 2008 Certificates were issued for the purpose of advance refunding the \$13,600,000 Westminster Variable Rate Demand Certificates of Participation, Series 1998A (1998 Civic Center Refunding Program). Proceeds from the Series 2008 Certificates were invested in an escrow fund with a trustee which together with earnings will pay interest and principal on the Certificates until fully retired. The 1998 Certificates are legally defeased and no longer a liability of the City. The reacquisition price exceeded the net carrying amount of the debt. This amount is shown as deferred outflows of resources. These bonds have an AAA/AA-rating.

Principal outstanding at June 30, 2014

\$ 3,855,000

Governmental Activities (Continued):

Lease Payable

The City of Westminster entered into a capital lease for the purpose of leasing City cars. The lease term is 36 months with an option to purchase. Principal and interest payments are payable annually at an average rate of 2%.

Principal outstanding at June 30, 2014 \$ 552,088

Capital assets acquired through the lease consisted of equipment with a net value of \$727,667, which consists of an original cost of \$1,208,694 less accumulated depreciation of \$481,027.

Compensated Absences/Claims Liabilities

Compensated absences and claims liabilities which do not have any set annual debt service requirements are being liquidated in the internal service funds. These internal service funds predominately serve the governmental funds. Accordingly, these liabilities are part of the total liabilities for governmental activities.

Business-type Activity:

The Business-type Activity long-term liability transactions at June 30, 2014 are comprised of the following individual items:

Certificates of Participation

\$5,035,000 Certificates of Participation (Water System Refunding) Series 2008, dated June 1, 2008. The Certificates are payable in annual installments ranging from \$220,000 to \$465,000 until maturity on June 1, 2024. Interest is payable bi-annually at an average rate of 4.1%. The 2008 Certificates were issued for the purpose of advance refunding the \$5,210,000 Westminster Variable Rate Demand Certificates of Participation, Series 1998B (1998 Water System Refunding Program) and the \$2,200,000 installment purchase agreement payable to Zions First National Bank. The 2008 Series Certificates were invested in an escrow fund with a trustee which together with earnings will pay interest and principal on the 2008 Certificates until fully retired. The 1998 Certificates are legally defeased and no longer a liability of the City. The reacquisition price exceeded the net carrying amount of the debt. This amount is shown as deferred outflow of resources. These bonds have an AAA/AA- rating.

Principal outstanding at June 30, 2014 \$ 2,800,000

See accompanying independent auditors' report.

June 30, 2014

7. LONG-TERM LIABILITIES (CONTINUED):

Business-type Activity (Continued):

Certificates of Participation (Continued)

The covenants authorizing the 2008 Water System Refunding Program Certificates of Participation stipulate that water rates must be maintained at levels sufficient to generate revenues in excess of certain predetermined amounts. Additionally, the City must establish certain management guidelines with respect to the operation of the water system. Resolution No. 4147, authorizing the issuance, terms and conditions of the 2008 Water System Refunding Program Certificates of Participation, includes a covenant requiring that the charges for the services, facilities and water costs of the enterprise be so fixed that the “net revenues” of the enterprise shall be at least 120% of the installment payments on the Certificates, and the California Infrastructure and Economic Development Bank Loan.

For the fiscal year ended June 30, 2014, the calculation of the Enterprise Fund’s compliance with the rate coverage covenant is as follows:

Gross revenues:	
Charges for services	\$ 14,517,878
Investment income	36,327
Other	<u>224,204</u>
Total gross revenues	<u>14,778,409</u>
Operating expenses:	
Operating expenses	12,536,253
Depreciation and amortization	(1,149,037)
Vehicle replacement charges	<u>(172,521)</u>
Total operating costs	<u>11,214,695</u>
Net revenues	<u>\$ 3,563,714</u>
Installment payments:	
Principal payments	\$ 287,609
Interest payments	<u>175,282</u>
Total installment payments	<u>\$ 462,891</u>
Net revenues to installment payment coverage ratio	<u>770%</u>

City management believes it is in compliance with all such covenants.

See accompanying independent auditors’ report.

Business-type Activity (Continued):

Certificates of Participation (Continued)

Additionally, the City has agreed to maintain a replacement reserve at a level the City determines to be economically prudent. For the fiscal year ended June 30, 2014, the Enterprise Fund's capital equipment replacement reserve is as follows:

Capital equipment replacement reserve	\$ <u>1,221,569</u>
---------------------------------------	---------------------

Loans Payable

\$889,355 loan payable to Orange County Water District dated August 1, 2000. The loan is payable in annual installments ranging from \$31,449 to \$60,640 until maturity on February 1, 2020. Interest is payable at a fixed rate of 3.5%. The loan was issued as per a conjunctive use well construction program agreement with the Orange County Water District for the completion of a well.

	\$ 333,440
--	------------

\$2,000,000 installment sale agreement payable to California Infrastructure and Economic Development Bank, dated January 28, 2002. The agreement was issued to provide for the financing of a water tank. The project was completed, and the loan was fully funded as of June 30, 2004. The agreement is payable in annual installments ranging from \$40,000 to \$105,000 until maturity on August 1, 2032. Interest is payable at a fixed rate of 3.26% per annum until fully funded. Once funded, the interest is payable at a fixed rate of 3.52% per annum.

	<u>1,463,758</u>
--	------------------

Total Loans Payable	\$ <u>1,797,198</u>
---------------------	---------------------

Compensated Absences

Compensated absences which do not have any set debt service requirements are expected to be liquidated by the Water Enterprise Fund are reported as a liability for Business-type Activity.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

8. PENSION PLANS:

Plan Description:

The City's defined benefit pension plans, the Miscellaneous and Safety Plans for the City of Westminster (Plans), provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. As of July 1, 2005, the City was mandated by the State to participate in the risk pool for the Safety Plan. For the Safety Plan, a cost sharing multiple employer deferred benefit plan, the risk pool combines the assets and liabilities across employers of the risk pool to provide a method to spread the risk of uncertain gains and losses over a larger base of members. The Miscellaneous Plan is part of the Public Agency portion of the California Public Employees' Retirement System (CalPERS), an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public entities within the State of California. A menu of benefit provisions as well as other requirements are established by State statutes within the Public Employees' Retirement Law. The City selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues a separate comprehensive annual financial report. Copies of CalPERS' annual financial report may be obtained from the CalPERS Executive Office: 400 P Street, Sacramento, CA 95814.

Funding Policy:

Participants are required to contribute 6.75%-12.25% of their annual covered salary (i.e. employee share). Depending on the Memorandum of Understanding (MOU) for represented employees or the resolution in place for non-represented employees, the City contributes varying amounts of the employee share. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The required employer contribution requirement for fiscal year 2014 was \$1,883,641 for miscellaneous employees. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by CalPERS.

Annual Pension Cost for the Miscellaneous Plan:

For fiscal year 2014, the City's actual and contributed annual pension cost was \$1,883,641. The required contribution for the fiscal year 2014 was determined as part of the June 30, 2011 actuarial valuation using the entry age normal actuarial cost method with the contributions determined as a percent of payroll. The actuarial assumptions included (a) 7.50% investment rate of return (net of administrative expenses), (b) projected salary increases that vary by duration of service ranging from 3.30% to 14.20%, (c) inflation of 2.75%, (d) payroll growth of 3.00%, and (e) an individual salary growth based on merit scale varying by duration of employment, coupled with an assumed annual inflation component of 2.75%, and an annual production growth of 0.25%.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

8. PENSION PLANS (CONTINUED):

Annual Pension Cost for the Miscellaneous Plan (Continued):

The actuarial value of the Plan's assets were determined using a technique that smoothes the effect of short-term volatility in the market value of investments over a 15 year period. The Plan's initial unfunded liabilities are amortized over a closed period that depends on the Plan's date of entry into CalPERS. Subsequent plan amendments are amortized as a level percentage of pay over a closed 20 year period. Gains and losses that occur in the operation of the plan are amortized over a rolling 30 year period. If the Plan's accrued liability exceeds the actuarial value of plan assets, then the amortization payment on the total unfunded liability may not be lower than the payment calculated over a 30 year amortization period. The remaining Plan's amortization period at June 30, 2011 was 25 years for the Miscellaneous Plan.

Three-Year Trend Information for the Miscellaneous Plan:

Fiscal Year	Annual Pension Cost (APC)	Percentage APC Contributed	Net Pension Obligation
6/30/12	\$ 1,659,093	100%	\$ -
6/30/13	1,570,331	100%	-
6/30/14	1,883,641	100%	-

Funded Status and Funding Progress:

As of June 30, 2013, the most recent actuarial valuation date, the plan was 72.0% funded. The actuarial accrued liability for benefits was \$106.3 million, and the actuarial value of assets was \$76.5 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$29.7 million. The covered payroll (annual payroll of active employees covered by the plan) was \$9.3 million, and the ratio of the UAAL to the covered payroll was 319.4%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about rates of employee turnover, retirement, mortality, as well as economic assumptions regarding salary increase, inflation and interest rates. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

8. PENSION PLANS (CONTINUED):

Annual Required Contribution for the Safety Plan:

The contribution requirements of the Safety Plan members and the City are established and may be amended by the State. Plan members are required to contribute 9%-12.25% of their annual covered salary. The City is required to contribute at an actuarially determined rate; the current rate is 12.25%-28.298% of covered payroll. The City's contributions to CalPERS for the years ended June 30, 2014, 2013 and 2012 were \$2,484,395, \$2,387,034 and \$2,463,073, respectively, and were equal to the required contributions for each year.

Plan Description - Other Defined Contribution Pension Plans:

Part-time, Seasonal and Temporary Employees-Alternate Retirement System Plan

Omnibus Budget Reconciliation Act of 1990 (OBRA 90) mandates that public sector employees who are not members of their employer's existing retirement system as of January 1, 1992 be covered by Social Security or an alternate plan. In accordance with this federal law, the City provides pension benefits for all part-time, seasonal and temporary employees through the City of Westminster Alternate Retirement System Plan administered by the Public Agency Retirement System (PARS-ARS). PARS-ARS is a defined contribution pension plan and benefits depend solely on amounts contributed to the plan plus investment earnings. Federal legislation requires defined contributions to the retirement plan of at least 7.5% of the employee's salary. Accordingly, contributions to the plan consist of 6% by the employee and 1.5% by the City. All part-time, seasonal or temporary employees are immediately eligible to participate in the plan from the date of employment and all contributions are fully vested. The contribution requirements are established by Federal statutes and may be amended by the Federal government.

For the year ended June 30, 2014, the City's payroll covered by the plan was \$1,289,615. Contributions to the plan totaled \$96,721 with employee contributions in the amount of \$77,398 (6.0% of current covered payroll) and City contributions in the amount of \$19,323 (1.5% of current covered payroll).

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB):

a. Plan Description:

The City provides post-employment healthcare benefits including medical, dental, vision, and life insurance to eligible employees and their dependents at retirement through a single employer defined benefit OPEB plan administered by the City. Benefit provisions are established and may be amended through agreements and memorandums of understanding between the City, its management employees, and unions representing the City's employees. Eligible retirees (service or disability retire through CalPERS directly from the City) receive reimbursement from the City for a portion of the costs for the coverage. The retiree healthcare plan does not issue a financial report.

The medical benefit through the California Public Employees Retirement System Healthcare Program (PEMHCA) is based on the hire date and the employee group. For employees in employee groups hired prior to dates in the following table, the City pays up to 100% of the cap.

<u>Employee Group</u>	<u>2014 Cap</u>	<u>Hire Date</u>
POA	\$ 892.00	07/01/2004
Mgmt/Admin/Conf	937.00	08/10/2005
WMEA	937.00	06/22/2005

For employees hired after the dates in the table above, the City pays a percent of the cap based on years of service with the City.

<u>Years of Service</u>	<u>Percentage of Cap</u>
Less than 5	PEMHCA minimum (\$119 in 2014)
5 through 10	25%
11 through 15	50%
More than 15	100%

The benefit to a surviving spouse continues based on CalPERS retirement plan election.

Dental, vision, and life insurance benefits are provided through the City's group insurance plans. The City provides full vision coverage, pays dental coverage up to \$20/month, and pays life insurance premiums up to \$19.10/month.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

b. Funding Policy:

The contribution requirements of plan members and the City are established and may be amended by the City, the City's City Council, and/or the employee associations. The City is currently funding this OPEB obligation on a pay-as-you-go basis. For the year ended June 30, 2014, the City paid \$2,072,779 in health care costs for its retirees and their covered dependents. The plan does not require employee contributions.

c. Annual OPEB Cost and Net OPEB Obligation:

The City's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded liabilities of the plan over a period not to exceed thirty years.

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan made primarily by the General Fund, and changes in the City's net OPEB obligation to the Retiree Health Plan:

Annual required contribution	\$ 5,200,000
Interest on net OPEB obligation	640,000
Adjustment to annual required contribution	<u>(1,374,000)</u>
Annual OPEB cost (expense)	4,466,000
Actual contributions made	<u>(2,072,779)</u>
Increase in net OPEB obligation	2,393,221
Net OPEB Obligation - beginning of year	<u>16,950,443</u>
Net OPEB Obligation - end of year	<u>\$ 19,343,664</u>

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

c. Annual OPEB Cost and Net OPEB Obligation (Continued):

The City's annual OPEB cost, the actual contributions, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the three years ended June 30, 2014, were as follows:

Fiscal Year Ended	Annual OPEB Cost	Actual Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
06/30/12	\$ 6,830,000	\$ 2,315,567	33.9 %	\$ 14,885,031
06/30/13	4,272,000	2,206,588	51.7 %	16,950,443
06/30/14	4,466,000	2,072,779	46.4 %	19,343,664

d. Funded Status and Funding Progress:

As of June 30, 2012, the third actuarial valuation date, the plan was zero percent funded. The actuarial accrued liability for benefits was \$62,216,000, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$62,216,000. The funded ratio (actuarial value of assets as a percentage of actuarial accrued liability) was 0%. The covered payroll (annual payroll of active employees covered by the plan) was \$20,722,000 and the ratio of the UAAL to the covered payroll was 300%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about rates of employee turnover, retirement, mortality, as well as economic assumptions regarding claim costs per retiree, healthcare inflation and interest rates. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

e. Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. In the June 30, 2012 actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included an investment interest rate of 4.00% per annum (net of administrative expenses), and a general inflation rate of 3% per annum. Medical premiums were assumed to increase annually with a pre-Medicare cost increase rate of 8.5% for HMOs and PPOs for 2014 premiums over 2013 premiums, both grading down to 5.0% for calendar year 2021 and thereafter. The post-Medicare annual medical cost increase rates were 8.9% for HMOs and PPOs for 2014 premiums over 2013 premiums, both grading down to 5.0% for calendar year 2021 and thereafter. The PEMHCA minimum was assumed to increase with medical inflation (4.5%) annually after 2015. Medical caps were assumed to follow healthcare trend. Vision premiums were assumed to increase by 3% annually. Dental and life insurance caps were assumed to remain frozen in the future. The UAAL is being amortized as a level percentage of projected payroll over 30 years on a closed basis commencing in fiscal year 2008. The remaining amortization period at June 30, 2014 was 25 years.

10. DEFERRED COMPENSATION:

Certain provisions of the Small Business Job Protection Act (the Act) effected Internal Revenue Code Section 457 plans by eliminating the requirement that Section 457 plan assets legally remain the assets of the sponsoring government. The Act requires that amounts deferred under a Section 457 plan be held in trust for the exclusive benefit of participating employees and not be accessible by the government or its creditors.

The City has implemented GASB 32, "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans". The assets have been transferred into a trust, and are no longer subject to claims of the City's general creditors, and are no longer considered the assets of the City. The plan permits all City employees to defer a portion of their salary until future years. The amount deferred is not available to employees until termination, retirement, death or unforeseeable emergency.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

10. DEFERRED COMPENSATION (CONTINUED):

The City contracts with private deferred compensation administration firms to act as an agent of the City to fulfill all the City's administrative responsibilities. The duties performed by this fiduciary on behalf of the City include assisting employees in the execution of investment transactions and providing summary and participant reporting of these investments.

Since the City has placed the assets into a trust and has little administrative involvement and does not perform the investing function for the plan, the assets have been removed from the City's financial statements.

11. RISK MANAGEMENT:

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters.

The City retains the risk of loss for general liability claims of up to \$350,000 per occurrence and workers' compensation claims of up to \$300,000 per person per occurrence. The City has established the Risk Management and Compensation/Benefits Internal Service Funds to account for and finance these uninsured risks of loss, and liabilities are accrued when incurred, whether or not reported, in each of these Funds.

The City is also a member of the California Insurance Pool Authority (CIPA), a public entity risk pool consisting of 11 member cities in Orange County, California, which was established to pool resources, share risks, purchase excess insurance, and share costs for professional risk management and claims administration. Portions of general liability and workers compensation claims exceeding the above mentioned amounts are covered by CIPA up to a maximum \$10,000,000 per claim and \$50,000,000 annual aggregate amount for general liability claims. The coverage for workers' compensation extends to statutory limit. Member cities make payments to CIPA based on underwriting estimates and may be assessed the difference between funds available and the \$50,000,000 annual aggregate in proportion to their annual premiums. Additional coverage is maintained through a commercial insurer for claims in excess of the per claim units and the annual aggregate amounts.

The City continues to carry commercial insurance for all other risks of loss, including employee health, fire, water, boiler and machinery insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

11. RISK MANAGEMENT (CONTINUED):

All Funds of the City participate in the risk management program and make payments to the Risk Management and Compensation/Benefits Internal Service Funds based on estimates of the amounts needed to pay prior-year and current-year claims and to establish a reserve for catastrophic losses. At June 30, 2014, the Risk Management Fund had an accumulated fund deficit of \$575,735. Also, at June 30, 2014, the Compensation/Benefits Fund had a reserve for catastrophic losses of \$3,560,920, which is reported as net position in this fund. The claims liabilities of \$6,417,620 and \$2,713,915 reported in the Risk Management and Compensation/Benefits Internal Service Funds, respectively, at June 30, 2014 are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the basic financial statements and amount of the loss can be reasonably estimated.

Changes in the Risk Management and Compensation/Benefits Internal Service Funds' claims liability amounts in fiscal years 2014 and 2013 were as follows:

	Risk Management Fund		Compensation/Benefits Fund	
	2014	2013	2014	2013
Beginning-year liability	\$ 2,352,072	\$ 1,431,751	\$ 1,386,390	\$ 1,342,781
Current-year claims and changes in estimates	4,645,022	934,869	1,962,603	1,369,129
Claim payments	<u>(579,474)</u>	<u>(14,548)</u>	<u>(635,078)</u>	<u>(1,325,520)</u>
Balance at fiscal year-end	<u>\$ 6,417,620</u>	<u>\$ 2,352,072</u>	<u>\$ 2,713,915</u>	<u>\$ 1,386,390</u>

June 30, 2014

12. GOVERNMENTAL FUND BALANCE CLASSIFICATIONS (CONTINUED):

Nonspendable - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted - This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers or through enabling legislation.

Committed - This classification includes amounts that can be used only for the specific purposes determined by a formal action of the City Council. The City Council has authority to establish, modify, or rescind a fund balance commitment through the passage of an ordinance, the City's highest level of decision-making authority.

Assigned - This classification includes amounts to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. This amount includes amounts that are assigned through adoption of the budget. Council may delegate the ability of an employee or committee to assign the use of specific funds for specific purposes. Such delegation has not yet been granted to persons or committees other than the City Council. The City assigns unspent capital project balances and amounts in its Community Promotion Special Revenue Fund.

Unassigned - The classifications include the residual balance for the government's general fund and includes all spendable amounts not contained in other classifications. In other funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the City's policy is to apply restricted fund balance first.

When an expenditure is incurred for purposes for which committed, assigned or unassigned fund balances are available, the City's policy is to apply committed fund balance first, then assigned fund balance, and finally unassigned fund balance.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

13. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES:

Deficit Fund Balances:

The following Funds have a deficit fund balance at June 30, 2014. The Special Revenue Fund's deficit is primarily the result of cash being transferred to the Capital Improvements Capital Projects Fund prior to the funding of projects. As projects are completed and funded, revenues will be accrued in the various Special Revenue Funds. The Internal Service Fund's deficit is primarily the result of an increase in the claims payable liability.

Major Fund:		
Special Gas Tax and Street Improvements Special Revenue Fund	\$	(41,897)
Internal Service Fund:		
Risk Management		(575,735)

14. COMMITMENTS AND CONTINGENCIES:

Claims and Judgments:

At June 30, 2014, the City was a defendant in a number of lawsuits arising in the ordinary course of operations which allege liability on the part of the City in connection with workers compensation and general liability matters. Management believes that potential losses relating to these lawsuits will not materially affect the financial position of the City.

Grant Contingencies:

The City participates in certain federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

15. SUCCESSOR AGENCY DISCLOSURES:

The assets and liabilities of the former Redevelopment Agency were transferred to the Successor Agency of the City of Westminster Redevelopment Agency on February 1, 2012 as a result of the dissolution of the former Redevelopment Agency. The City is acting in a fiduciary capacity for the assets and liabilities. Disclosure related to capital assets and long-term liabilities are as follows:

Capital Assets and Restatement of Net Position:

The Successor Agency transferred capital assets to the City in the amount of \$3,435,672. In addition, the City transferred \$19,435,515 of land previously transferred to the City back to the Successor Agency in fiscal year 2013-2014 and the Successor Agency transferred \$200,000 of land to the City. The net transfer of land in the amount of \$19,235,515 is shown as an extraordinary gain in the Successor Agency.

See accompanying independent auditors' report.

15. SUCCESSOR AGENCY DISCLOSURES (CONTINUED):

Capital Assets and Restatement of Net Position (Continued):

In addition to the noted transfers, the net position was restated from \$(86,569,180) to \$(84,297,816) at July 31, 2013. The \$2,271,364 increase was to record previously unrecorded land.

Long-Term Liabilities:

Long-term liability activity for the year ended June 30, 2014 was as follows:

	Balance at July 1, 2013	Additions	Reductions	Balance at June 30, 2014	Due Within One Year	Due in More Than One Year
Tax allocation bonds payable	\$131,020,000	\$ -	\$ 9,335,000	\$121,685,000	\$ 1,825,000	\$119,860,000

Tax Allocation Bonds

\$30,140,000 Westminster Commercial Redevelopment Project No. 1, 2008 Tax Allocation Refunding Bonds dated June 1, 2008. The bonds are payable in annual installments ranging from \$960,000 to \$2,260,000 until maturity on August 1, 2027. Interest is payable bi-annually at an average rate of 4.4%. The 2008 bonds were issued for the purpose of advance refunding \$40,250,000 Westminster Commercial Redevelopment Project No. 1, 1997 Tax Allocation Revenue Refunding Bonds. Proceeds from the 2008 bonds were invested in an escrow fund with a trustee which together with earnings will pay interest and principal on the bonds until fully retired. The 1997 bonds are legally defeased and are no longer a liability of the Agency.

\$ 24,325,000

\$73,055,000 Westminster Commercial Redevelopment Project No. 1, 2009 Subordinate Tax Allocation Bonds (Police Facility) dated March 12, 2009. The bonds are payable in annual installments ranging from \$2,360,000 to \$6,345,000 from November 1, 2028 until maturity on November 1, 2045. Interest is payable bi-annually at an average rate of 4.4%. The 2009 bonds were issued for the purpose of acquiring and constructing a new headquarters for the Westminster Police Department.

73,055,000

15. SUCCESSOR AGENCY DISCLOSURES (CONTINUED):

\$24,305,000 Westminster Commercial Redevelopment Project No. 1, 2011 Tax Allocation Bonds, Series A, dated June 9, 2011. The bonds are payable in annual installments ranging from \$505,000 to \$1,285,000 from November 1, 2014 until maturity on November 1, 2045. Interest is payable bi-annually at an average rate of 5.6%. The 2011 bonds were issued for the purpose of constructing a new Civic Center parking facility and an evidence storage facility for the City police department. \$ 24,305,000

\$10,400,000 Westminster Commercial Redevelopment Project No. 1, 2011 Tax Allocation Bonds, Series B, dated June 9, 2011. The bonds are payable in annual installments ranging from \$2,355,000 to \$8,065,000 from November 1, 2012 until maturity on November 1, 2013. Interest is payable bi-annually at an average rate of 3.3%. The 2011 bonds were issued for the purpose of financing improvements to the City's administrative center and to certain City parks to provide for certain economic development grants. This bond was paid in full during the fiscal year 2014. -

Total Tax Allocation Bonds \$ 121,685,000

The annual requirements to amortize the tax allocation bonds outstanding as of June 30, 2014, including interest payments are as follows:

Year Ending June 30,	Tax Allocation Bonds

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

15. SUCCESSOR AGENCY DISCLOSURES (CONTINUED):

Debt Contingencies:

Not included in the accompanying financial statements are Variable Rate Demand Multifamily Housing Revenue Bonds (Brookhurst Royale Senior Assisting Living Project) 2000 Series A and Subordinate Taxable Multifamily Housing Revenue Bonds (Brookhurst Royale Senior Assisted Living Project) 2000 Series A-S (collectively, the “Bonds”), conduit debt obligations issued under the name of the Redevelopment Agency. The Bonds were issued to finance the construction of a 117-unit residential care facility for the elderly. The Bonds are not secured by or payable from revenues or assets of the City or the Redevelopment Agency. Neither the faith and credit nor the taxing power of the City of Westminster, the Westminster Redevelopment Agency, the State of California or any political subdivision thereof is pledged to the payment of the principal of and interest on the Bonds nor is the City or the Agency in any manner obligated to make appropriations for payment on these bonds. At June 30, 2014, the aggregate principal amount of Bonds outstanding totaled \$5,512,500.

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES:

On June 29, 2011, Assembly Bills 1x 26 (the “Dissolution Act”) and 1x 27 were enacted as part of the fiscal year 2011-12 state budget package.

On June 27, 2012, as part of the fiscal year 2012-13 state budget package, the Legislature passed and the Governor signed AB 1484, which made technical and substantive amendments to the Dissolution Act based on experience to-date at the state and local level in implementing the Dissolution Act.

Under the Dissolution Act, each California redevelopment agency (each a “Dissolved RDA”) was dissolved as of February 1, 2012, and the sponsoring community that formed the Dissolved RDA, together with other designated entities, have initiated the process under the Dissolution Act to unwind the affairs of the Dissolved RDA. A Successor Agency was created for each Dissolved RDA which is the sponsoring community of the Dissolved RDA unless it elected not to serve as the Successor Agency. On January 11, 2012, the City elected to serve as the Successor Agency of the Westminster Redevelopment Agency.

The Dissolution Act also created oversight boards which monitor the activities of the successor agencies. The roles of the successor agencies and oversight boards is to administer the wind down of each Dissolved RDA which includes making payments due on enforceable obligations, disposing of the assets (other than housing assets) and remitting the unencumbered balances of the Dissolved RDAs to the County Auditor-Controller for distribution to the affected taxing entities.

See accompanying independent auditors’ report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES (CONTINUED):

The Dissolution Act allowed the sponsoring community that formed the Dissolved RDA to elect to assume the housing functions and take over the certain housing assets of the Dissolved RDA. If the sponsoring community does not elect to become the Successor Housing Agency and assume the Dissolved RDA's housing functions, such housing functions and all related housing assets will be transferred to the local housing authority in the jurisdiction. AB 1484 modified and provided some clarifications on the treatment of housing assets under the Dissolution Act. The City elected on February 9, 2011 to serve as the Housing Successor Agency.

After the date of dissolution, the housing assets, obligations, and activities of the Dissolved RDA have been transferred and are reported in the Westminster Housing Authority Special Revenue Fund in the financial statements of the City. All other assets, obligations, and activities of the Dissolved RDA have been transferred and are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

The Dissolution Act and AB 1484 also establish roles for the County Auditor-Controller, the California Department of Finance (the "DOF") and the California State Controller's office in the dissolution process and the satisfaction of enforceable obligations of the Dissolved RDAs. The County Auditor-Controller is charged with establishing a Redevelopment Property Tax Trust Fund (the "RPTTF") for each Successor Agency and depositing into the RPTTF for each six-month period the amount of property taxes that would have been redevelopment property tax increment had the Dissolved RDA not been dissolved. The deposit in the RPTTF fund is to be used to pay to the Successor Agency the amounts due on the Successor Agency's enforceable obligations for the upcoming six-month period.

The Successor Agency is required to prepare a recognized obligation payment schedule (the "ROPS") approved by the oversight board setting forth the amounts due for each enforceable obligation during each six month period. The ROPS is submitted to the DOF for approval. The County Auditor-Controller will make payments to the Successor Agency from the RPTTF fund based on the ROPS amount approved by the DOF. The ROPS is prepared in advance for the enforceable obligations due over the next six months. The Successor Agency's management has identified \$5,060,188 in expenditures through June 30, 2014 on enforceable obligations that the Department of Finance did not approve. Management does not concur with the Department of Finance's disapproval of these enforceable obligations. Management is pursuing a multi-tracked approach in order to remedy the Department of Finances' denial of this item. Under authority granted to the Successor Agency by AB 1484, the Successor Agency Board intends to reauthorize the contract in question in order to align its approval with the Department of Finance's approved process. This effort will be coupled with management's intent to use the Meet and Confer process to clearly delineate the City's position and the justifications for the questioned enforceable obligations. The Successor Agency has also initiated legal proceedings in order to aid in the clarification of this issue.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES (CONTINUED):

The process of making RPTTF deposits to be used to pay enforceable obligations of the Dissolved RDA will continue until all enforceable obligations have been paid in full and all non-housing assets of the Dissolved RDA have been liquidated.

As part of the dissolution process AB1484 required the Successor Agency to have due diligence reviews of both the low and moderate income housing funds and all other funds to be completed by October 15, 2012 and January 15, 2013 to compute the funds (cash) which were not needed by the Successor Agency to be retained to pay for existing enforceable obligations. These funds were to be remitted to the CAC after the DOF completed its review of the due diligence reviews. The Successor Agency made payments totaling \$45,240,985 to the CAC as a result of the due diligence review.

The DOF issued a Finding of Completion on June 20, 2013 in which DOF concurred that the Successor Agency has made full payments of any payments required as a result of the due diligence reviews.

On March 9, 2011 the Board of Directors of the Redevelopment Agency approved the transfer of land to the City. The cost basis of the land transferred amounted to \$20.4 million. The Redevelopment Agency transferred a police facility to the City with a cost of \$49.2 million. In fiscal year 2013-2014, the City transferred \$19.4 million in land back to the Successor Agency.

The Redevelopment Agency transferred capital assets in the amount of \$16.2 million (net of depreciation) to the City upon dissolution of the Redevelopment Agency. The Successor Agency contributed capital assets in the amount of \$21.6 million to the City for the period February 1, 2012 to June 30, 2012 and an additional amount of \$12.9 million in fiscal year 2012-2013 which consisted of land and other capital assets and \$3.4 million in fiscal year 2013-2014.

The State Controller of the State of California has been directed to review the propriety of any transfers of assets between Dissolved RDA and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency.

See accompanying independent auditors' report.

CITY OF WESTMINSTER

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES (CONTINUED):

The State Controller of the State of California reviewed the property transfers of assets between the Dissolved RDA and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the Successor Agency. As of June 30, 2014, the State Controller has not issued a final report.

Management believes, in consultation with legal counsel, that the obligations of the Dissolved RDA due to the City are valid enforceable obligations payable by the Successor Agency under the requirements of the Dissolution Act and AB 1484. The City's position on this issue is not a position of settled law and there is considerable legal uncertainty regarding this issue. It is reasonably possible that a legal determination may be made at a later date by an appropriate judicial authority that would resolve this issue unfavorably to the City.

17. SUBSEQUENT EVENTS:

Events occurring after June 30, 2014 have been evaluated for possible adjustments to the financial statements or disclosure as of November 18, 2014, which is the date these financial statements were available to be issued.

CITY OF WESTMINSTER

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2014

1. BUDGETS AND BUDGETARY ACCOUNTING:

The City establishes accounting control through formal adoption of an annual operating budget for the General and Special Revenue Funds. The City Council's policy is to adopt a formal operating budget by June 30 of each year. The legal level of budgetary control, that is, the level at which expenditures cannot exceed appropriations, is the fund level for all General and Special Revenue Funds, and by project in the Capital Projects Funds.

The City Manager may authorize appropriation transfers within a single department, between capital projects with a single funding source, and between departments within the same fund. All increases at the overall fund level must be approved by the City Council. All budget appropriations, except capital project and grant funded budgets, lapse at the end of each fiscal year. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. All increases to the adopted budget require Council approval and must clearly state the amount of increase requested, as well as the availability of appropriate funding sources.

See accompanying independent auditors' report.

OTHER GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenue sources that are restricted by law or City Council resolution to expenditure for specific purposes.

Parks Dedication Fund - accounts for payments assessed against new residential developments to support community parks. Amounts are required to be used for acquisition and improvement of City parks.

Special Police Services Fund - accounts for the regional and local narcotics suppression programs, Federal grants related to crime prevention and the Westminster Mall police patrol.

Municipal Lighting Fund - accounts for the City's share of property taxes collected under the Municipal Lighting District Act of 1919. Property taxes are collected by the County and paid to the City for operating and maintaining the municipal lighting district.

Other Grants Fund - accounts for all Federal, State, County or other grants received which are not otherwise separately accounted for in other funds. These grants include family resource center, senior transportation, air quality management, and Safety, Health and Understanding in Education (S.H.U.E.).

Offsite Drainage District Fund - accounts for revenues received from developers and expenditures to provide storm drain systems within each District.

Community Promotion Fund - accounts for the assets generated by the sale of the City's cable franchise. Interest earnings on the proceeds of the sale are used to fund various cable television broadcasts and community promotion activities.

INTERNAL SERVICE FUNDS

Internal Service Funds finance and account for goods and services provided by one City department to other City departments, or to other governments, on a cost-reimbursement basis, including depreciation. The City used the following Internal Service Funds:

Risk Management Fund - accounts for the administration of the City's general liability insurance and for the payment of any related claims.

Compensation/Benefits Fund - finances and accounts for the City's group medical, vision and dental insurance, workers compensation insurance, unemployment insurance, employee life insurance and compensated absences.

Motor Pool/Equipment Fund - accounts for the maintenance and replacement of City-owned vehicles and equipment.

Facilities/Maintenance Fund - accounts for the City's buildings maintenance and utilities costs.

STATISTICAL SECTION

This page intentionally left blank

DESCRIPTION OF STATISTICAL SECTION CONTENTS

June 30, 2014

This part of the City of Westminster's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the government's overall financial health.

Contents:	<u>Pages</u>
<u>Financial Trends</u> these schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	126 - 135
<u>Revenue Capacity</u> these schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	136 - 145
<u>Debt Capacity</u> these schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	146 - 152
<u>Demographic and Economic Information</u> these schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	153 - 154
<u>Operating Information</u> these schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	155 - 157

Notes:

In 1978 the voters of the State of California passed Proposition 13 which sets the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of voter approved bonds.

2014	3,064,980,617	101,438,368	82,540,972	3,083,878,013

Notes:

Beginning with the fiscal year ended June 30, 2002, exemptions are netted directly against the individual property categories.

In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

* Total direct tax rate is the weighted average of all individual direct rates applied to by the government preparing the statistical section information and excludes revenues derived from aircraft. Beginning in 2013-14, the Total Direct Tax Rate no longer includes revenues generated from the former redevelopment tax areas. Challenges to recognized enforceable obligations are assumed to have been resolved during 2012-13. For the proposes of this report, residual revenue is assumed to be distributed to the City in the same proportion as general fund revenue.

Net Combined Total Debt

\$ 288,598,754

(1) The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable assessed value.

(2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue bonds and non-bonded capital lease obligations.

Ratios to 2013-14 Assessed Valuation:

Total Overlapping Tax and Assessment Debt	1.92%
Total Direct Debt (\$3,855,000)	0.05%
Gross Combined Total Debt	4.02%
Net Combined Total Debt	4.02%

Ratios to Redevelopment Successor Agency Incremental Valuation (\$4,009,721,817):

Total Overlapping Tax Increment Debt	3.03%

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the state.
