

My name is Bill Collins and I am the Commander responsible for the East side of our City. This area consists of everything east of Beach Boulevard, south of Trask Avenue, west of Ward Avenue, and north of Heil Avenue. I have been with the City for 25 years and have worked a variety of assignments.

The men and women I work with everyday day are honored to serve the citizens of Westminster. Our goal is to meet the needs of all citizens who live, visit, and have a business in this City. As your East Area Commander, one of my priorities is to continue our collaborative problem solving efforts. I understand the challenges facing the east area of the City such as the homeless issue and traffic concerns. We continue to be dedicated to meet these challenges in partnership with the community.

For me to better serve you as your East Area Commander, please do not hesitate to contact me at (714) 548-3828 with any of your concerns. I will listen and respond to your needs in an effort to make you feel safe to visit, live, and own a business in the City of Westminster.
